

# ACE YOUR CIPP/E WITH INGRAM MICRO

with 1 Year IAPP membership

The training is based on the body of knowledge for the IAPP's ANSI accredited Certified Information Privacy Professional/Europe (CIPP/E) certification program. The training is fully aligned with GDPR and is one of the best and most relevant certifications for a DPO to hold.

The CIPP/E training will cover the essential pan-European and national data protection laws, as well as industry-standard best practices for corporate compliance with these laws. Those taking this course will gain an understanding of the European model for privacy enforcement, key privacy terminology and practical concepts concerning the protection of personal data and trans-border data flows.

### In this course, you will learn the following:

- Data Protection Laws
- Personal Data.
- Controllers and Processors
- Processing Personal Data.
- Information Provision
- Data Subjects' Rights
- Security of Processing
- Accountability
- International Data Transfers
- Supervisions and Enforcement
- Compliance
