

Ingram Micro GDPR Solutions

From May 2018, the General Data Protection Regulation will foster a sweeping change to the way companies handle EU individuals' personal data. GDPR applies to any organization across the globe that deals with the personal data of EU individuals. The Ingram Micro Cyber Security Center of Excellence is committed to helping our partners understand and navigate the shift seamlessly.

I GDPR Training Web-Series

Many of us have heard of GDPR. However, a deep understanding of the implications and requirements is missing. A global survey reveals that 97% of organizations don't have a GDPR Compliance Plan. Further, 80% of individuals surveyed were not aware of GDPR. The Ingram Micro Cyber Security Center of Excellence is pleased to announce a GDPR Awareness Series for business partners as well as internal stakeholders. GDPR education will be delivered over two awareness courses:

1. GDPR Foundations

- i. GDPR Rationale
- ii. GDPR Overview
- iii. Data Processing Principles

2. GDPR Implementation

- i. GDPR Overview
- ii. 4 Phased GDPR Implementation Roadmap

**25 May
2018**

Deadline for compliance with GDPR

€ 20m

Fines of up to 20 million Euro or 4% of global annual turnover – whichever is higher

75,000

Data Protection Officer roles are expected to be created by GDPR

Ingram Micro GDPR Resources
